

## 8XE MINI 200 MIG Fume Extraction Torch Air Cooled

The 8XE MINI 200 MIG fume extraction torch integrates the most efficient fume extraction structure in the welding industry. The torch comes with three different angles, 30°, 45°, and straight. The 8XE 200 MINI MIG Extractor, combined with the ClearO2 W-series 100 and 200, captures up to 98% of welding fumes directly at the source. It provides the safest and most effective solution for welders and workers to breathe CLEAN AIR and enjoy better work environments. Specifications: Reduces Welding Fume Up To 98% Unique contact tip for manual fitting and durability. Special design contact tip for a longer lifetime. Ergonomic ball socket 30° angle and 360° rotatable. Two unique nozzle designs 12mm and 14mm for optimal performance and durability \* The torch's weight is measured by a distance of one meter from the ground.
